

About Daughters of the Vote (DOV)

The Daughters of the Vote (DOV) program is at the core of our mandate of electing and supporting women at all levels of political office in Canada. This year, the leadership program invites women and gender-diverse youth, born between January 1st, 1993 and December 31st, 2001 (19 to 27 years old), to apply for the event taking place March 5th-8th, 2021.

The goal of DOV is expose participants to Canada's political institutions and those women and men serving in them – so that they are equipped and inspired to participate in the formal political sphere and take action in their local communities in the years and decades to come.

Given the ongoing pandemic, the 2021 DOV program will take place entirely online. As we adapt to this new version of the 4-day conference, we are working hard to maintain the crux of DOV, including replicating the House of Commons experience online!

In the past, delegates have had the opportunity to:

- Take their MP's seat in the House of Commons chamber;
- Sit in the Senate chamber;
- Hear remarks from all party leaders, as well as an amazing array of elected officials at all levels of government;
- Attend various networking opportunities and workshops with our partners, other organizations, Members of Parliament, and advocates.

More information about the program can be found here: www.equalvoice.ca/dov

We have now closed our official call for applications but some ridings in Saskatchewan are still missing applicants. We are writing to ask for your support in raising awareness about the opportunity to apply to be part of DOV 2021. Perhaps you could share the opportunity with youth in your network. If any of them is interested, please tell them to contact us at: dov-hds@equalvoice.ca

Program results

The DOV program attracts thousands of engaged and motivated women and gender-diverse youth who are eager to join the political arena and/or learn more about how to get involved in their communities.

Our programs have shown results! Since our launch of the DOV program in 2017, we have seen a continued increase in the number of our delegates getting more involved in their ridings, working for elected officials, political campaigns, and even running successfully for office themselves!
